

HIPOLOOSE - BESPOKE BLESSINGS PROGRAM (BBP)

Program Mission Statement: The objective of Bespoke Blessings is to stimulate the art of giving where one specific blessing offered to another individual in need will provide the seed from which future blessings will grow.

Context: The word *bespoke* is derived from the Old English verb to *bespeak*, meaning to "speak for something", in the specialized meaning "to give order for it to be made".

How it Works:

Program Authorization (with each qualifying purchase)

1. Hiploose clients purchasing any item(s) totaling a minimum sale price of \$750 USD will be eligible for enrollment into the Bespoke Blessings Program (BBP).
2. The client making the purchase has the option whether to "speak for" a registered BBP member and "give the order to make" garment(s) requested by:
 - a. selecting an approved applicant from the BBP database (www.hiploose.com/home/BBP-stories),
 - b. approving the "random" selection by Hiploose of a BBP applicant, or
 - c. electing to not have their purchase automatically enrolled into the BBP program (note, "enrollment" is 100% anonymous).

BBP Application Process

Hiploose reserves the right to approve or disapprove any application for being a recipient of the BBP. Hiploose will make every endeavor to ensure the selection process is inclusive, fair and fully supports the BBP Mission.
